

# MicroWorldOmics install tutorial

## Download zip package

If you are in Chinese main land, you can download the zip package from China

Mobile Cloud Disk:

Links: <https://caiyun.139.com/m/i?1G5C1h8CUoxBx>

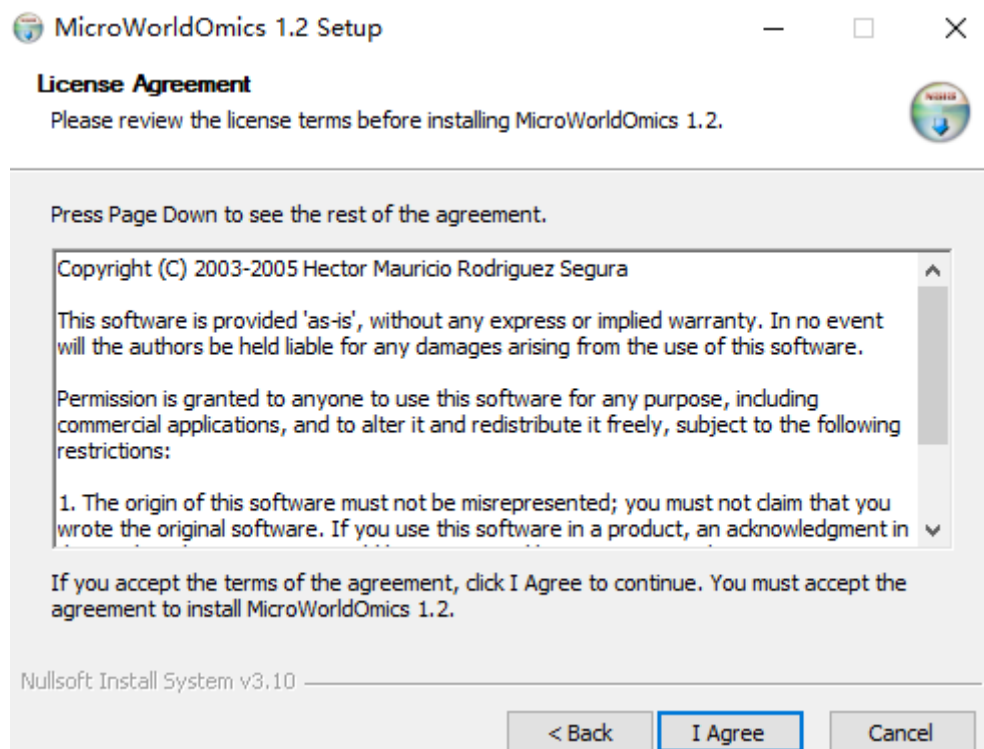

Password: y3NR

## Install in your computer

1. Double-click “Setup.exe”:

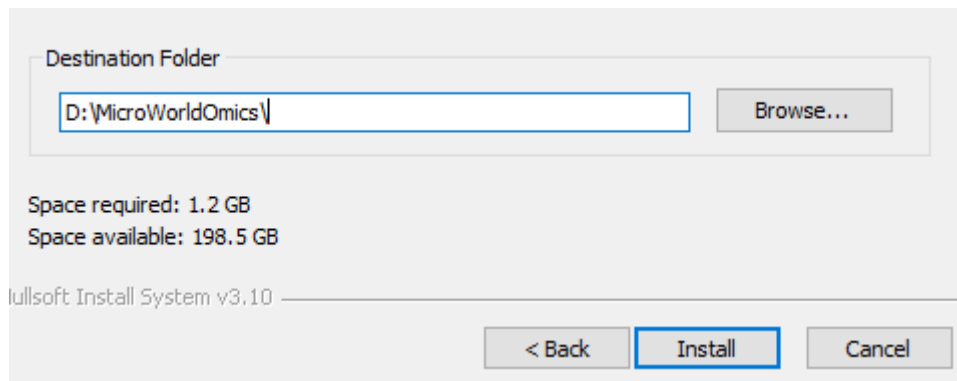

2. Select “I Agree” for the copyright:

3. User-defined installation folder:

Click install and finish installation.

4. Move “MicroWorldOmics\_modules.zip” into installation folder

Then, unzip “MicroWorldOmics\_modules.zip” in the sibling directory (same level of directory as MicroWorldOmics.exe)

5. Open and launch “MicroWorldOmics” in your start menu:
